Sierra Neighborhood Newsletter
March 2025

Introducing Pet of the Quarter

We are excited to introduce a new feature starting with the June newsletter called “Pet of the Quarter.” As this newsletter evolves, we thought it would be fun to add some personalization. What better way than showcasing our 4-legged friends?

If you would like to participate, send the following to board@sierraassociation.org:

- Picture of your pet, the Pet’s name and breed, and any fun facts you’d like to share.

The board will review the submissions and select 1 pet to be our “Pet of the Quarter.”

Upcoming Events

While this winter is stubbornly sticking around, the 2025 year is progressing rapidly. We can’t believe it’s the end of March already. Hopefully, great weather is around the corner soon. The board is looking forward to seeing our neighbors out and about.

Until then, we have a couple events coming up in April. Let’s break attendance records!

- **Egg Hunt** on Saturday April 12th at 10am at the park.
- **Annual Meeting** on Tuesday April 15th at 7pm both virtually and in-person.
    - In person: Maple Room in the Waconia City Hall building.
    - Virtual on Zoom: Meeting ID *932 4653 1000*, Passcode *890346*

From the Board

1. Trash collection at the park started again on 3/1. Thank you for accommodating the pause.
2. Seasonal switch for recreational parking starts on 4/1. Please remove winter recreational vehicles and trailers as we switch over to the summer parking season.
3. There are a few dues outstanding. If you have not paid, please send in payment ASAP.
4. We are actively pursuing quotes for mailbox replacement. We would appreciate ideas for consolidation, design, etc and need recommendations from local contractors. If you would like to provide any input or referrals, send an email to the board. Thank you!
5. All plans for fences, sheds, and other exterior improvements require architectural approval prior to construction. This includes a visual of the design prior to construction and pictures upon completion that acknowledge the final build is in compliance.
