Sierra Association Homeowners
RE: Storm Damage Repairs

To our neighbors:

We hope this letter finds you well! In the last few weeks we have experienced many storms in the Waconia area and subsequently have suffered various degrees of storm damage. Many of our homes will require re-siding and/or re-roofing. In an effort to keep our neighborhood the place we want it to be please remember that the Sierra Association has an approved color list for siding and roofing materials, all of which are categorized as "earth tones". If you are using the same color or one shade up or down you do not need to take any further action. If you are changing the color of your siding and/or roof you will need to obtain architectural committee approval before the commencement of your storm damage repairs.

If you require such approval please send the following documentation:

1. Your Name
2. Home Address
3. Project/Repair Summary
4. Current Color
5. Proposed New Color (Please Include a Sample)

to board@sierraassociation.org or to Sierra Association Architectural Committee PO Box 4 Waconia, MN 55387.

Best regards,

The Board of Directors for the Sierra Association
